

Carncot Independent School

27 May 2024

Introduction

ERO reviews of private schools are significantly different in process and more limited in scope and reporting than those for state and state-integrated schools, focusing as they do on the *Criteria for Registration* set out in clauses 2 to 6, Schedule 7 of the Education and Training Act 2020.

Clause 9, Schedule 7 of the Education and Training Act requires the Education Review Office (ERO) to review private schools and to report to the Secretary for Education on whether each school meets the criteria for registration.

More information about ERO reviews of private schools can be found on ERO's website [Private and independent schools | Education Review Office \(ero.govt.nz\)](https://ero.govt.nz/private-and-independent-schools)

The criteria for registration are that the school —

- a. has premises that are suitable, as described in clause 3, Schedule 7; and
- b. usually provides tuition for 9 or more students who are of or over the age of 5 years but are under the age of 16 years [clause 2(b), Schedule 7]; and
- c. has staffing that is suitable to the age range and level of its students, the curriculum taught at the school, and the size of the school (clause 2(c), Schedule 7; and
- d. has equipment that is suitable for the curriculum being delivered or to be delivered at the school (clause 2(d) Schedule 7); and
- e. has a curriculum for teaching, learning, and assessment and makes details of the curriculum and its programme for delivery available for parents; and
- f. has suitable tuition standards, as described in clauses 2(e),(f) and 5, Schedule 7; and
- g. has managers who are fit and proper persons (as described in clause 6, Schedule 7) to be managers of a private school; and
- h. is a physically and emotionally safe place for students (clause 2(h), Schedule 7).

When an ERO report identifies an area within the criteria for registration that is not meeting the criteria at the time of the ERO review, that will be reported, the Ministry will be informed and the Ministry will follow up the issue with the school.

h) The school is a physically and emotionally safe place for students

A safe place is one in which risks to student safety are regularly assessed and evaluated with a view to eliminating, or at least reducing, harm. A safe place is one where clear policies exist and are acted upon to eliminate or minimise harm.

ERO's judgement is based on the quality, intent and regular review of the school's policies and procedures.

Please refer to conclusion below.

Conclusion

In relation to the criteria (h) that the school is a safe place where clear policies exist and are acted upon to eliminate or minimise harm:

During the onsite phase of the review process, ERO identified the following non-compliances:

- undertake and record sufficient identity checks on the appointment of teachers
[Children's Act 2014]

- ensure that all people engaged by the school are police vetted
[s 104 Education and Training Act 2020, Part 3 Children's Act 2014].

During and following the on-site review, the school has taken steps to address these.

On the basis of the information obtained during the review, ERO considers that Carncot Independent School meets the criteria for registration as a private school set out in clauses 2 to 6, Schedule 7 of the Education and Training Act 2020.

Other Matters

Provision for international students

The school is a signatory provider to the *Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021* established under section 534 of the Education and Training Act 2020. The school has attested that it complies with all aspects of the Code and has completed an annual self-review of its implementation of the Code.

At the time of this review there was one international student attending the school.

The school actively supports its international students to fully participate in every aspect of school life. International students benefit from the layers of pastoral care offered to all students at the school.

The school understands the importance of self-review to continually improve the provision of care offered to international students.
